A fairly decent product considering that price. Economically, fit the need as our homeschool PE group doesn't have a budget for \$5 and upwards for a single pinney as we have over 35 children in our group. It is better that the children wear white t-shirts to show the color team clearer and at a distance. Happy with purchase.

love this movie and the music.....I've watched it at least 3 times now!

We are very satisfied with this purchase, particularly as these gloves are 9 oz versus 8 oz. That makes a huge difference on the hands but at little or no price difference. The gloves were packaged securely and arrived quickly. I highly recommend this company and have saved it to my favorites.
